Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Laredo Times: Gas gusher at prospective oil gusher in McMullen county is the latest report from the oil field that now seem to embrace the entire southern half of Texas. The oil so far thrown out by the gas pressure in this entirely new field, is a fine lubricant and very valuable. It begins to look as if Texas were one vast treasure house, and men are waking up every morning and finding themselves, not famous, but what is regarded these days as much more desirable, rich even unto millions.

For The Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed."

of the county and circumstances that may arise. He has long since proven himself an able and unusually well qualified attorney, and his knowledge of law is one far beyond his years. His nomination to re-election will provide this county with capable and efficient county officer for attorney, and the voters of the primary are urged to give claims due consideration on day of election.

A druggist in Lansing, Mich., who believes in public honesty, has this sign in his store over a box with compartments for postage stamps: "Help yourself and make your own change. If you cannot make change, call a clerk."

In two weeks operation of the plan only four cents has been lost presumably through accident. The scheme saves time for the clerks and for the customers, for many times when the purchaser wants only one stamp there may be a long wait because the clerks are busy. There is a popular lunch room in Washington, D. C., much patronized by the government clerks, where all the food is placed on counters and the customers help themselves, paying the cashier according to their order and their consciences after the meal is over. The plan works well and no money is lost.

Could Not Breathe

Coughs, colds, croup, grip, bronchitis other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace, J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." W. J. Sedberry.

It was left for the Kirby Lumber company of Texas to wake up lumbermen to the need of remembering future generations when they swing axes before the giants of the forest. Everywhere the press is now advocating a general application of the principles of forest conservation and reproduction—a matter upon which there was silence until Mr. Kirby sounded the alarm.—Houston Chronicle.

The Human Lottery

"Ah, if only I were beautiful how happy life would be."

Many a forlorn maid has said this as she looked into the mirror. For beauty women have sacrificed home, love and friends. It is the one possession in the lottery of human life which women would not refuse.

BRADFIELD'S Female Regulator

for young girls on the threshold of womanhood, has been invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and painful menses, and their systems generally run down, they need building up, and their blood needs cleansing.

Bradfield's Female Regulator for women is particularly valuable and useful, owing to its tonic properties to build up the system, and as a regulator of the menstrual flows. Painful, obstructed and suppressed menstruation permanently relieved and all diseases peculiar to her genital organs are cured by it.

Regulator clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotched conditions of the skin and cures sick headache to a certainty by removing the cause.

Of druggists \$1.00 per bottle. "Perfect Health for Women" is free and will be mailed on receipt of address. THE BRADFIELD REGULATOR CO. ATLANTA, GA.

The American Association for the Advancement of Science has come to the conclusion that Adam and Eve are myths, and that there was no garden of Eden. This conclusion, however, does not conclude the matter. So-called science has made incalculably more mistakes than Ingersoll ever accused Moses of making.—Nashville Banner.
